Screen Mirroring Dongle X 1

AC Adapter X 1

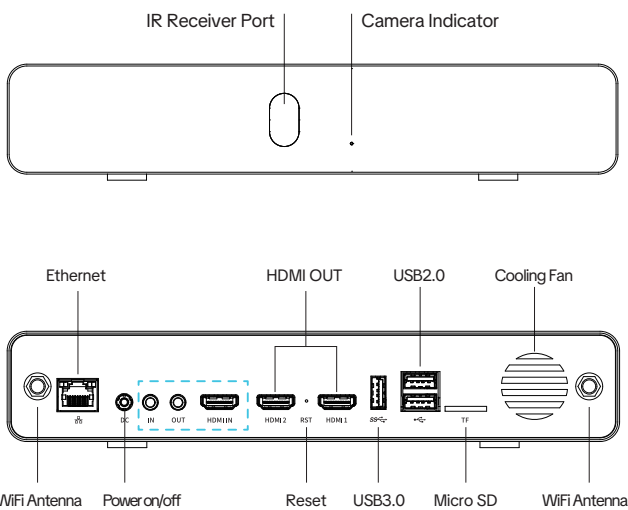

HDMI Cable X 1

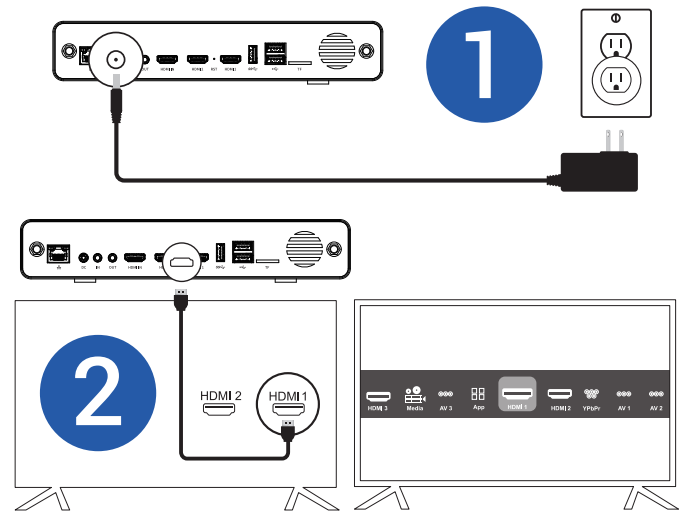

User Manual X 1

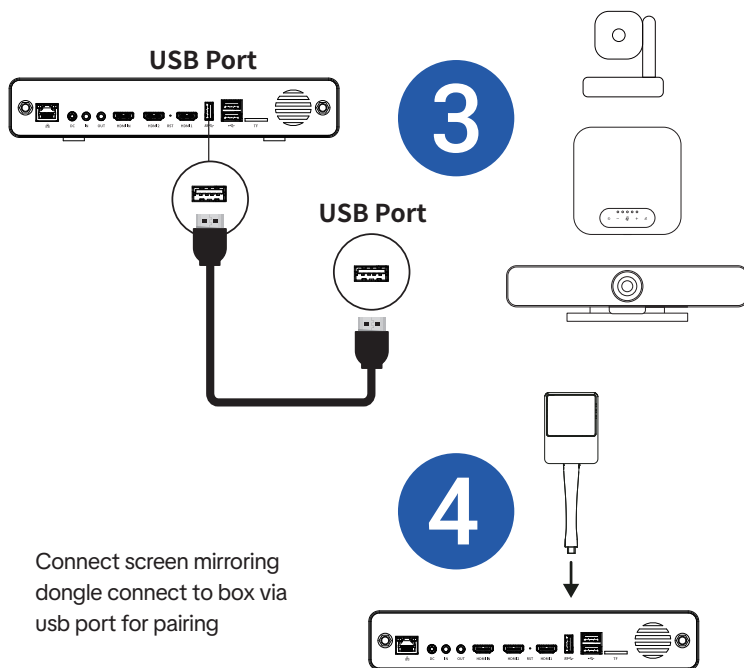

Overview

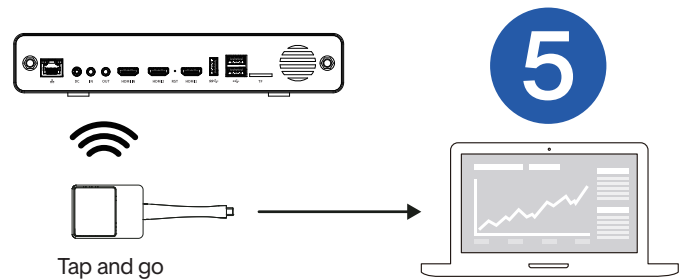

Easy Set-Up

Select "Input Source" on your TV to receive the output of Video Conference Equipment and follow the prompts.

Connect screen mirroring dongle connect to box via usb port for pairing

NOTE

1. If any operation on the box is needed, it is recommended to use a wired or wireless mouse and keyboard.
2. For first-time use, pair the screen mirroring dongle with the receiver box by plugging it into the box's USB port. Wait about 3 seconds for pairing to complete. Once paired, the dongle is ready to use.
3. For multiple screen mirroring dongles to be used at the same time, they need to connect to the box for pairing. Max supports 9 dongles used simultaneously.
